

Campaign Launch Checklist

Amazon VA Interview Lab

Pre-Launch Checklist

- Listing is optimized (title, bullets, A+ content, images, reviews)
- Product has at least 15 reviews with 4.0+ rating
- Inventory is sufficient (30+ days of cover)
- Product is Buy Box eligible
- Budget allocated for at least 2-4 weeks of testing

Phase 1: Research & Discovery

- Launch SP Auto Discovery campaign
- Launch SP Exact Branded Defense (if brand registered)
- Set modest daily budgets (\$20-50 per campaign)
- Run for 7-14 days to collect search term data

Phase 2: Competitor Targeting

- Launch SP Product Targeting – Competitor ASINs
- Launch SP Product Targeting – Complementary products (cross-sell)
- Target specific competitor detail pages with proven relevance

Phase 3: Keyword Expansion

- Harvest top-performing search terms from auto/broad campaigns
- Add to exact match campaigns (SKAG structure if appropriate)
- Launch SP Broad/Phrase research campaigns for new keyword discovery

Phase 4: Brand & Retargeting

- Launch SB Branded campaigns (headline + video if available)
- Launch SD Retargeting (viewed but not purchased)
- Launch SD Audience targeting if appropriate

Campaign Naming Convention

Format: [BRAND]_[COUNTRY]_[STAGE]_[TYPE]_[MATCH]_[THEME]_[YYYYMM]

Example: TECHPRO_US_LAUNCH_SP_AUTO_DISCOVERY_202501
